Pukhraj Additives LLP

ENVIRONMENTAL POLICY

Document No: PAL/POL/ENV Issue date: 01.07.2023 Rev. No & date: 01/01.04.2025

1. PURPOSE

Pukhraj Additives LLP recognizes its responsibility to protect the environment and to manage the environmental impacts associated with its manufacturing activities, processes, products, and services.

The purpose of this Environmental Policy is to establish the Company's commitment towards environmental protection, pollution prevention, responsible resource management, compliance with applicable environmental requirements, and continual improvement of environmental performance.

The Company is committed to conducting its operations in a responsible manner while considering environmental risks, impacts, and opportunities associated with its activities.

2. Scope

This Policy applies to relevant activities and operations of Pukhraj Additives LLP, including:

- Manufacturing and production activities.
- Raw material receipt, storage, handling, and use.
- Chemical and material handling.
- Storage and handling of finished products.
- Utilities and supporting infrastructure.
- Maintenance and housekeeping activities.
- Waste generation and management.
- Transportation activities under the Company's operational control, where applicable.
- Contractors and service providers performing activities on Company premises.

All employees, workers, contractors, and relevant persons working on behalf of the Company are expected to comply with applicable environmental requirements relevant to their activities.

3. POLICY STATEMENT

Pukhraj Additives LLP is committed to protecting the environment and minimizing adverse environmental impacts associated with its operations.

The Company shall promote environmental management practices aimed at:

- Compliance with applicable environmental legal and regulatory requirements.
- Prevention and reduction of pollution.
- Responsible management of chemicals and other materials.
- Prevention and control of spills, leaks, and accidental releases.
- Responsible management of wastes.
- Efficient use and conservation of energy, water, and other resources.
- Identification and management of relevant environmental aspects and impacts.
- Prevention and effective management of environmental incidents.
- Environmental awareness and participation among employees and relevant stakeholders.
- Continual improvement of environmental performance.

Environmental responsibility shall form an integral part of the Company's operational and business practices.

4. ENVIRONMENTAL LEGAL AND REGULATORY COMPLIANCE

Pukhraj Additives LLP is committed to identifying and complying with applicable environmental legal, regulatory, and other relevant requirements associated with its operations.

The Company shall maintain applicable environmental permissions, approvals, consents, licences, registrations, and records relevant to its activities.

The Company shall, as applicable:

- Identify relevant environmental legal and compliance requirements.
- Maintain and monitor applicable environmental permissions and approvals.
- Monitor relevant compliance obligations.
- Maintain relevant environmental records and documentation.
- Cooperate with applicable regulatory authorities, where required.
- Take appropriate action where environmental compliance gaps or concerns are identified.

Detailed conditions, limits, monitoring requirements, and other applicable compliance obligations shall be maintained and controlled through relevant legal and environmental compliance records and registers.

5. POLLUTION PREVENTION AND ENVIRONMENTAL PROTECTION

The Company is committed to preventing and minimizing pollution associated with its operations.

Appropriate environmental controls shall be maintained, as applicable to the Company's activities, to prevent or minimize:

- Air emissions.
- Dust, fumes, vapours, and odours.
- Wastewater or effluent releases.
- Soil and groundwater contamination.
- Chemical spills and leaks.
- Improper disposal or discharge of wastes.
- Excessive noise and other relevant environmental impacts.

The Company shall identify relevant environmental aspects associated with its activities and maintain appropriate controls based on the nature and significance of potential environmental impacts.

6. CHEMICAL AND MATERIAL MANAGEMENT

As a chemical manufacturing organization, Pukhraj Additives LLP recognizes the importance of responsible environmental management of chemicals and materials.

The Company shall maintain appropriate practices for:

- Identification and appropriate labelling of relevant materials.
- Environmentally responsible storage and handling of chemicals and materials.
- Prevention and control of spills, leaks, and accidental releases.
- Availability of relevant material safety and handling information.
- Appropriate segregation and storage of incompatible materials, where applicable.
- Suitable containment and protective arrangements, where applicable.

- Responsible transfer and movement of materials.
- Prompt reporting and appropriate response to spills or environmental incidents.

Chemical and material management practices shall be supported through applicable operational, safety, environmental, and emergency response procedures.

7. WASTE MANAGEMENT

Pukhraj Additives LLP is committed to responsible management of wastes generated from its activities.

The Company promotes the following waste management hierarchy:

REDUCE → REUSE → RECOVER → RECYCLE → RESPONSIBLE DISPOSAL

The Company shall promote:

- Reduction of waste generation at source, where practicable.
- Appropriate identification and segregation of wastes.
- Safe and appropriate storage of wastes.
- Responsible management of hazardous and other wastes, as applicable.
- Prevention of uncontrolled disposal, discharge, or burning of wastes.
- Reuse, recovery, and recycling opportunities where feasible.
- Disposal of wastes through appropriate and authorized channels, where applicable.
- Maintenance of relevant waste management records.

8. RESOURCE CONSERVATION AND EFFICIENCY

Pukhraj Additives LLP promotes responsible and efficient use of resources throughout its operations.

8.1 Energy

The Company shall promote:

- Efficient use of electricity, fuel, and other energy sources.
- Reduction of avoidable energy consumption.
- Identification of practical opportunities for improving energy efficiency.
- Appropriate maintenance of relevant equipment to support efficient operation.

8.2 Water

The Company shall promote:

- Responsible use and conservation of water.
- Prevention of avoidable water wastage.
- Identification of practical opportunities for improving water efficiency.

8.3 Materials

The Company shall promote:

- Efficient use of raw and packaging materials.
- Reduction of avoidable material losses and wastage.
- Improvement of process efficiency where practicable.
- Consideration of appropriate reuse and recycling opportunities.

Detailed requirements relating to energy conservation and resource management shall be supported through applicable Company policies and operational practices.

9. CLIMATE CHANGE AND GREENHOUSE GAS EMISSIONS

Pukhraj Additives LLP recognizes that climate-related environmental impacts and greenhouse gas emissions are relevant considerations for responsible business operations.

The Company is committed to:

- Identifying relevant sources of greenhouse gas emissions associated with its operations.
- Monitoring relevant energy and fuel consumption, where applicable.
- Promoting energy-efficient practices.
- Identifying practical opportunities to reduce avoidable greenhouse gas emissions.
- Considering lower-impact practices and technologies where technically and economically feasible.
- Supporting relevant initiatives for improving environmental and climate-related performance.

The Company shall continue to develop its understanding of relevant greenhouse gas emissions and identify practical opportunities for improvement in accordance with its operational requirements and capabilities.

10. ENVIRONMENTAL EMERGENCY PREPAREDNESS AND RESPONSE

Pukhraj Additives LLP recognizes the importance of preparedness for environmental incidents and emergencies.

The Company shall maintain appropriate arrangements, based on applicable operational and environmental risks, for:

- Prevention and control of chemical spills and leaks.
- Response to accidental releases.
- Availability and use of appropriate spill-control arrangements and materials.
- Communication and reporting of environmental incidents.
- Investigation of significant environmental incidents, where required.
- Identification and implementation of appropriate corrective actions.
- Review and improvement of environmental emergency arrangements, where applicable.

Environmental emergency preparedness shall be integrated with applicable Company emergency preparedness and response procedures.

11. EMPLOYEE, CONTRACTOR AND STAKEHOLDER RESPONSIBILITY

Employees and relevant persons working on behalf of the Company are expected to support environmental protection and comply with applicable environmental requirements.

Employees and relevant stakeholders are encouraged to:

- Follow applicable environmental procedures and controls.
- Use energy, water, and materials responsibly.
- Avoid unnecessary waste and resource consumption.
- Report spills, leaks, environmental concerns, and potential environmental incidents.
- Participate in relevant environmental awareness and improvement initiatives.
- Contribute suggestions for improving environmental performance.

Contractors and service providers performing activities on behalf of the Company shall be expected to comply with applicable environmental requirements relevant to their work.

12. ENVIRONMENTAL OBJECTIVES AND CONTINUAL IMPROVEMENT

Pukhraj Additives LLP shall identify relevant opportunities for improving environmental performance.

The Company may establish environmental objectives, targets, and improvement initiatives relating to areas such as:

- Resource efficiency.
- Energy consumption.
- Water conservation.
- Waste reduction.
- Pollution prevention.
- Reduction of environmental incidents.
- Greenhouse gas emission management.
- Environmental awareness and employee participation.

Environmental objectives and improvement initiatives shall be established and monitored, as appropriate, considering the Company's activities, environmental aspects, operational requirements, risks, opportunities, and available resources.

The Company is committed to continual improvement of its environmental management practices and environmental performance.

13. MANAGEMENT COMMITMENT

Top Management of Pukhraj Additives LLP is committed to supporting environmental protection and responsible environmental management.

The Company shall promote:

- Environmental protection.
- Prevention and reduction of pollution.
- Compliance with applicable environmental requirements.
- Responsible management of chemicals, materials, and wastes.
- Responsible use and conservation of resources.
- Prevention and effective management of environmental incidents.
- Environmental awareness and participation.
- Continual improvement of environmental performance.

Top Management shall provide appropriate direction and support for the implementation of this Policy and relevant environmental improvement initiatives.

Pukhraj Additives LLP remains committed to conducting its operations responsibly while considering environmental protection and the long-term sustainability of its business activities.
